

### **Antenna Research Assoc**

Antennas, Pedestals, Positioners, & Accessories for Military & Commercial telecom applications.

[www.ara-inc.com](http://www.ara-inc.com)

### **Coleman Microwave Co.**

CMC designs and manufactures custom microwave filters in the frequency range of 400 MHz to 40 GHz. Specializing in cavity resonator designs, filters are offered in both coaxial and waveguide modes of operation. A variety of related components and support items are offered, as well. Engineering assistance is always available to aid in the definition and selection of the exact product to fit your needs.

[www.colemanmw.com](http://www.colemanmw.com)

### **ComNav Engineering**

Manufacturer of Microwave Filters for Wireless Communication, Electronic Toll Collection, RF Test Equipment, Microwave Radios & Navigation Systems Experts in High Performance Ceramic, Lumped component and Cavity Filter Design. Specializing in Achieving Lower Loss and Higher Rejection in Small Surface-Mount Packages

[www.comnav-eng.com](http://www.comnav-eng.com)

### **Engin-IC**

Custom mmic solutions for RF and Microwave applications with portfolio of standard products.

[www.engin-ic.com](http://www.engin-ic.com)

### **Kratos-General Microwave**

A recognized worldwide leader in the design and manufacture of high performance, state-of-the-art microwave components and subassemblies for the defense and commercial microwave products for various applications.

[www.kratosmed.com](http://www.kratosmed.com)

### **MicroWave Technology.**

GaAs FETs, HBT Devices, Mmics, Modules etc. for Wireless, Commercial, Military & Hi-Rel Markets.

[www.mwtinc.com](http://www.mwtinc.com)

### **Nova Microwave Inc.**

#### **Star Microwave Inc.**

Isolators and circulators in various packages for RF and Microwave communications.

[www.novamicro.com](http://www.novamicro.com)

[www.starmwi.com](http://www.starmwi.com)

### **Quarter Wave Corp.**

Quarterwave manufactures a complete line of popular Traveling Wave Tube Amplifiers. We have a selective inventory of Traveling Wave Tubes (TWT) and Traveling Wave Tube Amplifiers (TWTA) available separately or integrated to system requirements.

[www.quarterwave.com](http://www.quarterwave.com)

### **Relcomm Technologies**

Coaxial Electromechanical Switches for Wireless and Microwave Communications.

[www.relcommtech.com](http://www.relcommtech.com)

### **Res-Net Microwave**

RF & Microwave Attenuators, Resistors, Terminations and diode detectors to 30 GHz.

[www.resnetmicrowave.com](http://www.resnetmicrowave.com)

### **Signal Microwave**

High speed testing and mm wave End-launch interconnect Products for signal integrity Applications.

[www.signalmicrowave.com](http://www.signalmicrowave.com)

### **Synergy Microwave**

Signal Processing Components, VCO's, Synthesizers, Mixers etc. for Commercial and Military applications.

[www.synergymwave.com](http://www.synergymwave.com)

### **Transline Technology Inc.**

RF/Microwave Flexible and semi-rigid PCB custom etching.

[www.translinetech.com](http://www.translinetech.com)

### **Winchester Interconnect**

Extensive range of PCB, RF, Power, Fiberoptic connectors, Coaxial cable assemblies for commercial Military, Medical and Industrial applications.

[www.winconn.com](http://www.winconn.com)

#### **Following units are involved:**

#### **SRI Connector Gage**

Standard and Custom connectors and adapters up to 65 GHz in 1.85mm, 2.4mm, 2.92mm, N, SMA etc.

[www.winconn.com](http://www.winconn.com)

#### **SRI Hermetics**

Hermetic seals, feedthrus and packaging for Mil, Space applications.

[www.winconn.com](http://www.winconn.com)

#### **SRCHaverhill**

Low loss Flexible and Semi-rigid cables and assemblies. Steelflex cables, EMI Polytron absorbers

[www.winconn.com](http://www.winconn.com)

#### **TRU CORP.**

Custom Interconnect Solutions. High performance cable Assemblies and connectors.
