Antenna Research Assoc

Antennas, Feeds and Accessories for Military & Commercial applications. Earthstations, RADAR, SIGINT, INMARSAT, GPS, Comms.

www.ara-inc.com

Coleman Microwave

Secret Clearance. Co-axial & waveguide fixed and tunable filter sub-assemblies up to 40GHz primarily using cavity designs. Di, Tri, Quadplexer and band reject designs. High power capable to several kW CW & MW pulse designs.

www.colemanmw.com

ComNav Engineering

Ceramic resonator, Lumped and Cavity Microwave Filters in surface mount and connectorized packages. Download the Free Dionysus Filter Design Software by ComNav

MwT (MicroWave Technology)

GaAs FETs , HBT Devices, Mmics, Modules etc. for Wireless, Commercial, Military & Hi-Rel Markets.

www.mwtinc.com

Nova Microwave

Coaxial, Stripline & Drop-In Isolators and Circulators.

www.novamicro.com

QuarterWave

Complete line of TWT amplifiers covering 500MHz to 90GHz available as standard products or in custom configurations with power supplies

www.quarterwave.com

Relcomm Technologies

Coaxial Electromechanical Switches for Wireless and Microwave Communications.

www.relcommtech.com

Res-Net Microwave

RF & Microwave Attenuators, Resistors, Terminations and diode detectors to 30 GHz.

www.res-netmicrowave.com

Synergy Microwave

Signal Processing Components, VCO's, Synthesizers, Mixers etc. for Commercial and Military applications.

<http://synergymwave.com/>

Transline Technology

RF/Microwave rigid & Flex multilayer PCBs in a variety of Rogers, Taconic & Arlon materials.

www.translinetech.com

Winchester Interconnect

RF & Microwave interconnects and cable assemblies up to 100Ghz. PCB mount, SMP, SMPM, SMA, BNC, N etc. Hermetic enclosures and seals.

<https://www.winconn.com>

SRI Hermetics

Hermetic assemblies & connectors in Al, W and a variety of alloys. Laser Weldable Coaxial connectors and Ds, Micro D etc.
