jjackson@microcomsales.com

Antenna Research Assoc

www.ara-inc.com

Antennas and Accessories up to 40 Ghz for Military & Commercial telecom including positioners

ARS Products

www.arsproducts.com

ARS Products is your source for Radio Frequency (RF) Signal Distribution, Switching Equipment, Specialized Beamsteering, Beamforming Equipment, Cancellers, and Receiver Dynamic Range Extensions.

Coleman Microwave

www.colemanmw.com

Manufacturers of coaxial & WG RF/microwave filters up to 40 GHz. Specialize in tunable & high power WG and coaxial filters along offer other passive products

ComNav Engineering

www.comnav-eng.com

Manufacturer of RF/Microwave High Performance filters designed in Ceramic, Lumped Components and Cavity Filter configurations. Specializing in achieving Lower Loss and Higher Rejection in Small Surface-Mount Packages

Engin-IC

www.engin-ic.com

MMIC customs designs and products. Capabilities include power amp, passive products T/R mmics, time delay mmics, vector modulators, and other advanced integrated circuits.

Frequency Management International

www.frequencymanagement.com/

Crystal, TCXO, VCXO, OCXO for Control Applications, Extreme temp and hirel capability

Kratos-MED

www.kratosmed.com

Manufacturers of BB synthesizers up to 40 Ghz, SSPA's , control components, integrated assys and subsystems

MicroWave Technology.

www.mwtinc.com

GaAs FETs , HBT Devices, Mmic, Modules etc. for Wireless, Commercial, Military & Hi-Rel Markets. up to 50 Ghz

Nova Microwave Inc.

www.novamicro.com

Isolators and circulators in drop in and coaxial packages for RF and Microwave communications.

Orolia Atomic Clocks & Oscillators

www.orolia.com/products/atomic-clocks-oscillators

Orolia is a world leader in high-end crystal, rubidium, maser and integrated GPS/GNSS clocks, as well as related testing instrument technologies for space missions that rely on high precision atomic clock technology.

Quarterwave

www.quarterwave.com

Quarterwave Corp. manufactures a Commercial Off The Shelf (COTS) line of Traveling Wave Tube (TWT) Amplifiers that range in power from 5 Watts CW to 50 kW peak, pulsed.

Relcomm Technologies

www.relcommtech.com

Coaxial Electromechanical Switches for Wireless and Microwave Communications.

Res-Net Microwave

www.resnetmicrowave.com

RF & Microwave Attenuators, Resistors, Terminations from 1 to 1500 watts in frequency bands between DC-40 Ghz

Signal Microwave

www.signalmicrowave.com

Broadband test verification Boards for the Signal Integrity/High Speed Digital market

Synergy Microwave

www.synergymw.com

Signal Processing Components, VCO's, Synthesizers, Mixers etc. for Commercial and Military applications.

Transline Technology Inc.

www.translinetech.com

RF/Microwave Flexible and semi-rigid PCB custom etching.

Winchester Interconnect

www.winconn.com

Extensive range of PCB, RF, Power, Fiberoptic connectors, Coaxial cable assemblies for commercial Military, Medical and Industrial applications.
