

Kirit Dixit – 201-669-7599
kdixit@microcomsales.com

Antenna Research Assoc

Antennas, Pedestals, Positioners, & Accessories for Military & Commercial telecom applications.
www.ara-inc.com

ARS Products

ARS Products is your source for Radio Frequency (RF) Signal Distribution, Switching Equipment, Specialized Beamsteering, Beamforming Equipment, Cancellers, and Receiver Dynamic Range Extensions.
www.arsproducts.com

Coleman Microwave Co.

CMC designs and manufactures custom microwave filters in the frequency range of 400 MHz to 40 GHz. Specializing in cavity resonator designs, filters are offered in both coaxial and waveguide modes of operation. A variety of related components and support items are offered, as well. Engineering assistance is always available to aid in the definition and selection of the exact product to fit your needs.
www.colemanmw.com

ComNav Engineering

Manufacturer of Microwave Filters for Wireless Communication, Electronic Toll Collection, RF Test Equipment, Microwave Radios & Navigation Systems Experts in High Performance Ceramic, Lumped component and Cavity Filter Design. Specializing in Achieving Lower Loss and Higher Rejection in Small Surface-Mount Packages
www.comnav-eng.com

Engin-IC

Custom mmic solutions for RF and Microwave applications with portfolio of standard products.
www.engin-ic.com

Frequency Management International

Crystal, TCXO, VCXO, OCXO for Control Applications, Extreme environment and hi-rel applications
www.frequencymanagement.com/

Kratos-General Microwave

A recognized worldwide leader in the design and manufacture of high performance, state-of-the-art microwave components and subassemblies for the defense and commercial microwave products for various applications.
www.kratosmed.com

MicroWave Technology.

GaAs FETs, HBT Devices, Mmics, Modules etc. for Wireless, Commercial, Military & Hi-Rel Markets.
www.mwtinc.com

Nova Microwave Inc.

Star Microwave Inc.
Isolators and circulators in various packages for RF and Microwave communications.
www.novamicro.com
www.starmwi.com

Orolia Atomic Clocks & Oscillators

Through its Spectratime brand, Orolia is a world leader in high-end crystal, rubidium, maser and integrated GPS/GNSS clocks, as well as related testing instrument technologies for missions that rely on high precision atomic clock technology.
www.orolia.com/products/atomic-clocks-oscillators

Quarter Wave Corp.

Quarterwave manufactures a complete line of popular Traveling Wave Tube Amplifiers. We have a selective inventory of Traveling Wave Tubes (TWT) and Traveling Wave Tube Amplifiers (TWTA) available separately or integrated to system requirements.
www.quarterwave.com

Relcomm Technologies

Coaxial Electromechanical Switches for Wireless and Microwave Communications.
www.relcommtech.com

Res-Net Microwave

RF & Microwave Attenuators, Resistors, Terminations and diode detectors to 30 GHz.
www.resnetmicrowave.com

Signal Microwave

High speed testing and mm wave End-launch interconnect Products for signal integrity Applications.
www.signalmicrowave.com

Synergy Microwave

Signal Processing Components, VCO's, Synthesizers, Mixers etc. for Commercial and Military applications.
www.synergymwave.com

Transline Technology Inc.

RF/Microwave Flexible and semi-rigid PCB custom etching.
www.translinetech.com

Winchester Interconnect

Extensive range of PCB, RF, Power, Fiberoptic and custom connectors and Coaxial cable assemblies for commercial Military, Medical and Industrial applications including Hermetic seals, feedthrus and packaging for Mil, Space applications
www.winconn.com
