

Kirit Dixit 201-669-7599

kdixit@microcomsales.com

Antenna Research Assoc

www.ara-inc.com

Antennas and Accessories up to 40 Ghz for Military & Commercial telecom including positioners

ARS Products

www.arsproducts.com

ARS Products is your source for Radio Frequency (RF) Signal Distribution, Switching Equipment, Specialized Beamsteering, Beamforming Equipment, Cancellers, and Receiver Dynamic Range Extensions.

Coleman Microwave

www.colemanmw.com

Manufacturers of coaxial & WG RF/microwave filters up to 40 GHz. Specialize in tunable & high power WG and coaxial filters along offer other passive products

ComNav Engineering

www.comnav-eng.com

Manufacturer of RF/Microwave High Performance filters designed in Ceramic, Lumped Components and Cavity Filter configurations. Specializing in achieving Lower Loss and Higher Rejection in Small Surface-Mount Packages

Engin-IC

www.engin-ic.com

MMIC custom designs and products. Capabilities include power amp, passive products T/R mmics, time delay mmics, vector modulators, and other advanced integrated circuits.

Frequency Management

www.frequencymanagement.com/

Crystal, TCXO, VCXO, OCXO for Control Applications, Extreme temp and hirel capability

JQL Technologies Corp.

www.jqltechnologies.com

Isolators, circulators in SMT, Micro-strip, Drop-in, Coaxial and waveguide packages upto 100GHz. MEM filters.

Kratos-General Instrument

www.kratosmed.com

Manufacturers of BB synthesizers up to 40 Ghz, SSPA's, control components, integrated assys and subsystems

Microwave Techniques

www.microwavetechniques.com

MT offers high-power Microwave circulators, isolators, loads, power combiners, phase shifters, rigid and flexible waveguide and cplers, MT's System division offers vacuum devices for high-energy, Radar and communications systems, medical LINACs, and industrial processing systems

MicroWave Technology.

www.mwtinc.com

GaAs FETs, HBT Devices, Mmic, Modules etc. for Wireless, Commercial, Military & Hi-Rel Markets. up to 50 Ghz

NuWaves Engineering

<https://nuwaves.com/>

RF and Microwave solutions for Defense, Aerospace and Medical applications. Various components such as Power amps, Dual directional amps, T/R switches, Filters. Contract Manufacturing services offered.

Orolia Atomic Clocks & Oscillators (Safran Sensor)

www.orolia.com/products/atomic-clocks-oscillators

High-end crystal, rubidium, maser and integrated GPS/GNSS clocks, as well as related testing instrument technologies for space and defense missions with precision clock technology.

Safran Sensor Technology

MEM Gyros, Accelerometers and Inertial Measurement Units for Space, Military and Commercial applications

<https://www.sensor.com>

Relcomm Technologies

www.relcommtech.com

Coaxial Electromechanical Switches for Wireless and Microwave Communications.

Signal Microwave

www.signalmicrowave.com

Broadband test verification Boards for the Signal Integrity/High Speed Digital market

Synergy Microwave

www.synergymwave.com

Signal Processing Components, VCO's, Synthesizers, Mixers etc. for Commercial and Military applications.

Transline Technology Inc

<https://translinetech.com/>

RF/microwave flexible, semirigid PCB circuits

Vanteon Wireless Solution

<https://vanteon.com/>

Design Service Company with RF and electronic solutions with focus on wireless designs.
